CLUB ANGLING RULES

1. All anglers fishing CDAC waters must be in possession of a valid membership card and EA Rod Licence at all times. All relevant EA byelaws will be observed on Club waters, (it is a member's responsibility to read them). Club bailiffs, (river keepers), on production of their bailiff card, are authorised to check the EA Rod Licence and Club card of any angler fishing on Club waters and are allowed to inspect the fish, baits and tackle in the angler's possession.
2. Members wishing to fish ANY calendar year must have a valid permit for that year.
3. All members must approach the river by a recognised access and must not trespass on the land. No member will take any other person on Club estate waters at any time, unless that person is also a Club member or has a Guest permit and is also fishing. No dogs allowed on estates at any time.
4. When fishing on all Club waters, members are to clearly display their Parking Permit at all times. When fishing on any private 'estate water' and parked on 'estate land' members must also display the 'number of rods fishing.' (Vehicles are parked on estate land at the owner's risk.) The maximum number of cars and the maximum number of rods fishing allowed at each beat are displayed on signage at each car park and also on the laminated beat maps provided to each member. Members **MUST NOT** exceed either of these maxima.
5. No member may cut or prune any trees or bush on any Club water without prior consent from the Committee.
6. When accessing the Club's water at Newbridge Bank and for the purposes of fishing, members are not allowed to park on the access road and footpath leading to Lambton bridge, on the bridge or the bridge turning circle. Members are also prohibited from parking on the road and the pedestrian footpath alongside the main A183 road.
7. When accessing the Club's water via Lumley Grange Farm, members need to obtain a key fob & manual key to gain access through the gates. The key & fob are available from either the Chairperson or Mr. Stewart Tully. 24 hours' notice is required & members have 48 hours in which to return them. Each fob has individual coding so records can be kept by the riparian owners as to who uses them & when they are used.

8. All members accessing estate land must do so only for the intention of fishing and must, at all times, carry their fishing rod, landing net and a priest.
9. No member of CDAC will kill and remove more than FIVE Salmon in any one season throughout all Club waters.
10. No more than 2 migratory fish to be killed in any one day. Any combination of 2 Salmon, 2 Sea Trout or 1 Salmon and 1 Sea Trout is allowed.
11. Once you have killed your second migratory fish in any given day, you **MUST STOP FISHING** and leave all Club waters for the purpose of angling.
12. **Tagging Rules – applies to Salmon only:-**
from 16th June - 31st October, inclusive, of any year.

12.1 A Salmon caught and killed on any of CDAC's water must be immediately tagged at the waterside with a GREEN CDAC tag. No other tag can be used. No Salmon is to be taken from the waterside without being tagged.

12.2 A tagged Salmon being transported from the bankside must be in open view and readily available for inspection by any other member or Club Official.

12.3 No member should tamper with or try to adapt any CDAC tag. A tag can only be used once.

12.4 No member is allowed to offer or give his/her allocated tag(s) to another member. Tags are for the sole use of the member to whom they have been issued and are not transferable, (except on occasions to guests, see Tagging Rule 13.4).

12.5 Every member who holds a Salmon and Migratory Trout Licence, must at all times, when fishing, carry on his/her person at least 2 GREEN CDAC colour coded tags or 1 GREEN CDAC colour coded tag plus a 'Red Tag' or 1 'Red Tag', (see Tagging Rule 12.7). A member who does not have the correct tag(s) on his/her person cannot fish Club Waters.

12.6 Under exceptional circumstances, where a member has forgotten his/her tag(s) and still wishes to fish the Club's water, he/she may do so by contacting any Club Official, (**NOT AVAILABLE 24/7**) and he/she will be issued with a 'Red Tag', thus allowing him/her to fish that day but on a 'catch & release' basis, only. Any 'Red Tag' issued must be returned within 48 hours.

12.7 Once a member has killed and tagged 3 Salmon, he/she must apply to the Committee for a 'Red Tag'. This 'Red Tag' allows a member to fish for Salmon for the rest of the season on a 'Catch and Release' basis only.

12.8 If a member is fishing for Salmon with his/her 5th (final), GREEN CDAC colour coded tag and a 'Red Tag', once this 5th tag has been used, he/she can continue fishing, without interruption for the rest of that day and for the remainder of the season on a 'Catch and Release' basis only.

12.9 If a member fishing with a 'Red Tag' only, catches and lands a Salmon it must be returned to the river regardless of its condition. It cannot be given to another member.

13.8 A lost or misplaced 'Red Tag' will be replaced at the Committee's discretion for a standard charge of £20, (plus the cost of postage where appropriate).

13.9 Whilst under no obligation to return any unused CDAC colour coded tags, members who do so will have them entered into a prize draw, held at the AGM and for which there will be 2 prizes, (1 per member), of a free, one year's, Full Club Membership.
